# *Career Retirement Credit Reporting (CRCR)*

# What is a CRCR?

- The CRCR is used to establish the years of Federal Service for a Marine Reservist.

- The CRCR tracks retirement points credited for:
  - *Inactive Points*
    - IDT, EIN/EIO, ATP/AFTP/RMP, MTU
    - Correspondence
    - Funeral Honors Duty
  - *Active Duty Points*
    - Paid
    - Unpaid
  - *Membership Points  (max of 15 pts per year)*

# *Importance of a CRCR*

- Missing or Incorrect information may effect:
  - Promotion
  - Reenlistment
  - Retirement
  - PME Schools
  - AR Program Status

MCTFS computes retirement points for current and prior years through UD reporting.

# Location of CRCR Information in MCTFS

- **RT07 Screen** – Career Retirement Credit Report
- **RT08 Screen** – Current Anniversary Year
- **RT09 Screen** – Prior Anniversary Year
- **S980 Remark** – Summary of each Anniversary Year
- **D980 Remark** – Detailed display of each Anniversary Year

# Anniversary Dates

- The “anniversary date” is the basis for all retirement data reporting.
- Established by the DOEAF.
- Anniversary dates DO NOT CHANGE unless there is a break in contractual service. (Civilian status)
- The anniversary date posted in MCTFS must be verified/corrected prior to reporting or correcting CRCR historical data.

# THINGS TO LOOK FOR ON CRCR

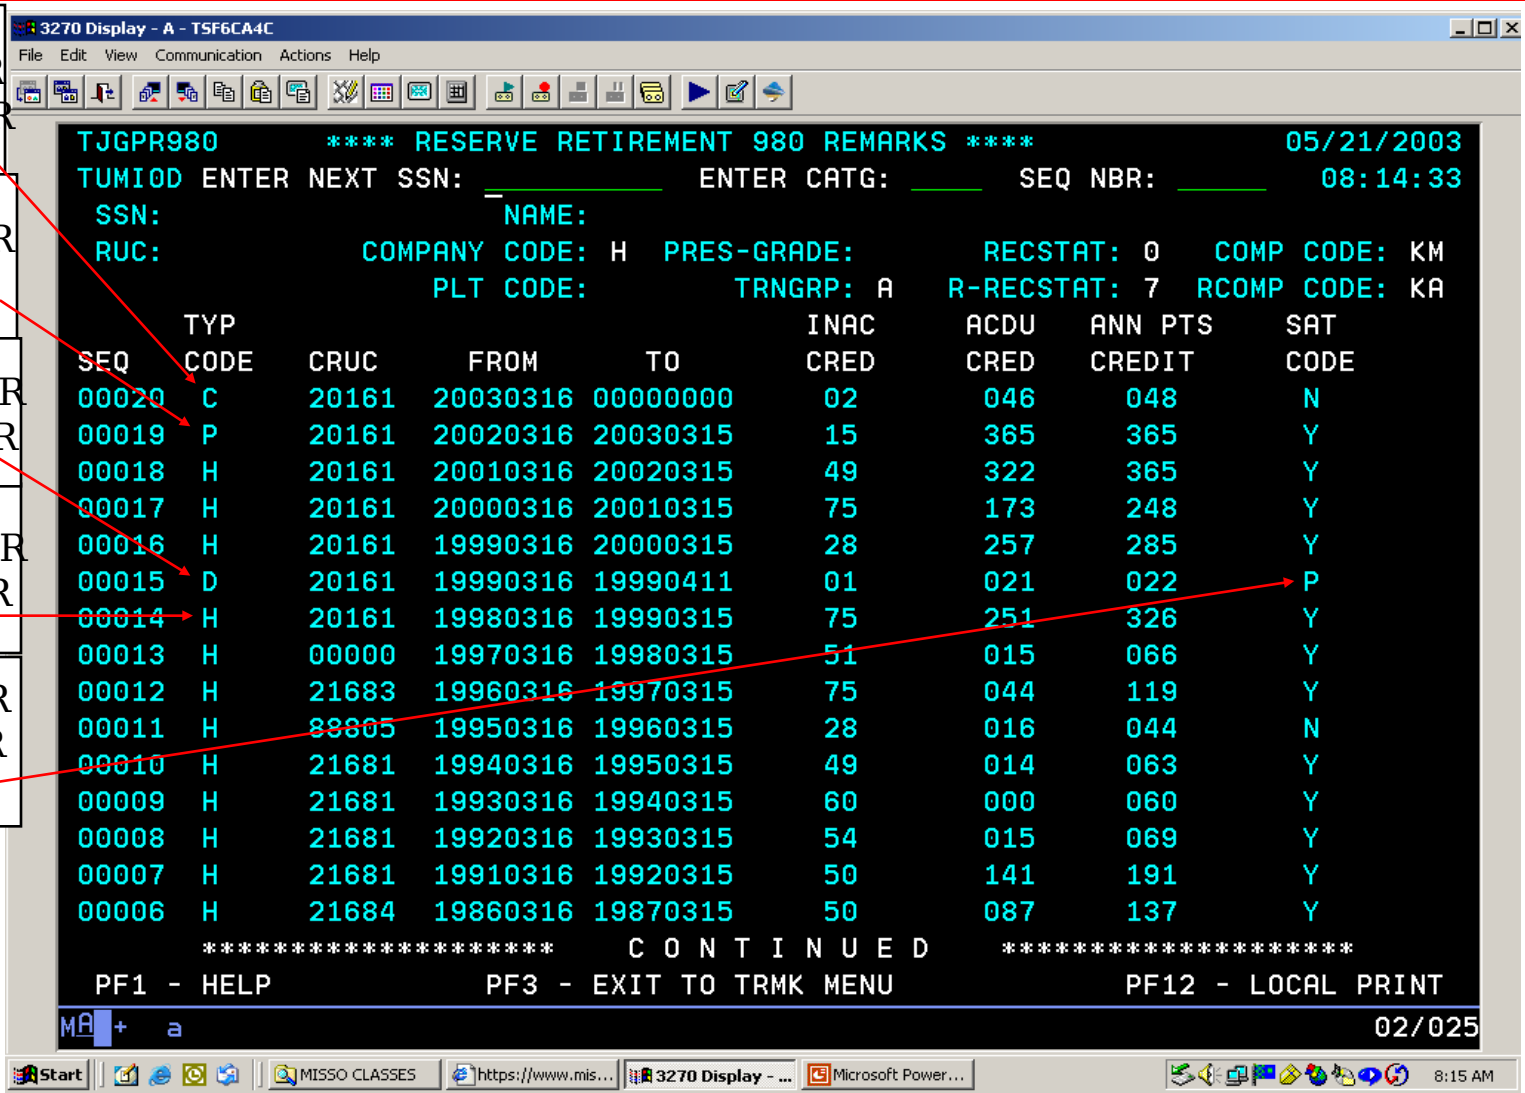
C: STANDS FOR CURRENT YEAR

P: STANDS FOR PRIOR YEAR

D: STANDS FOR DELETED YEAR

H: STANDS FOR HISTORY YEAR

P: STANDS FOR PARTIAL YEAR



# What is a Satisfactory Year?

A complete, continuous 365/366 day period…

During which a Marine earns at least 50 retirement points, using any combination of:

Inactive (IDT, FHD, EIN, EIO, ATP, RMP)

Correspondence points

Active (paid and unpaid)

Membership points

Reserve retirement eligibility is determined by Satisfactory Years performed.

# CRCR "C" Audit

----------COMPLETED----------

# CRCR "C" Audit (cont)

- 1) Verify the CertDate, should be current yr or previous yr.
- 2) Verify the ResRecStat, what status is the Marine in?
- 3) Verify the PEBD, it should never be prior to the earliest Annv Yr listed (broken time will require PEBD adjustment).
- 4) Verify the ANNV, it should be exactly 1 yr from latest Annv Yr listed.
- 5) Verify the Annv Years, look for missing years and look for break(s) in service.
- 6) Verify the Membership Points, NOT to exceed 15 points.

# Current, Prior, and Historical Years; an example

- The Marine's next anniversary date is: 20050316
- CURRENT anniversary year is then: 20040316-00000000
- The PRIOR anniversary year was: 20030316-20040315
- Retirement points accrued on or before 20030315 are considered HISTORICAL DATA.
- Historical data requires a CRCR Worksheet for correction.

# Marine's Responsibility

- Member is required to review their own CRCR for completeness and correctness.
- If corrections are required, the member will draw a black line through each incorrect item, write-in the correction, then initial each correction.
- The member must provide any external documentation to support a correction.
- Once corrections have been made and the member verifies CRCR is correct, the member will sign and date the CRCR. This is called "CRCR Certification".

# *Unit's Responsibility*

- The RUC will verify any suspected or identified discrepencies against documents on file (i.e., copies of DD Form 4, extensions, and DD Form 214).

- Assist the member in retrieving source docs no longer on file at the unit (Reserve / Active LES', OMPF, National Records Center-StLMO, Other Services CRCRs)

- Once verified, the RUC will forward requests for correction of the CRCR to MARFORRES (HQBN G-1) using a CRCR worksheet.

- Once all requested/required corrections are completed, a new CRCR will be provided to the member for "CRCR Certification".

- RUC will report TTC 922 000 CRCR CERTDATE, using YYYYMM format.
  - (Only allowed once per month)

# *Without a current CRCR Cert Date*

- Reenlistments may not be approved.
- Composite Scores may not be calculated.
- Retirement points may not post to current and prior anniversary years.
- AFADBD will not be calculated correctly for periods of ADSW (including Mobilization).

  (AFADBD = CADBD minus total Prior Active duty)

# Who Inputs Corrections?

CRCR Reporting:

- **RUC** completes worksheet and forwards to MARFORRES
- **COMMARFORRES** inputs historical data for SMCR Marines.
- **MCRSC** inputs historical data for IRR/IMA/MTU Marines.
- **MISSO-17** inputs all data for AR Marines and ALL Reservists

  on periods of ADSW/Active Duty (excluding AT).
- **CMC (MMSR-5)** verifies ANNIVERSARY date and CRCR

# Send the completed CRCR Worksheet

- POC's for CRCR corrections are listed below:

- **MARFORRES G-1:** (504-678-8217)
  - inputs data on SMCR provided by the RUC.

- **MCRSC**: (Central Records section, 816-843-3386)
  - inputs data for IRR/IMA/MTU Marines.

- **MISSO 17:** (816-926-5187 / 5188)
  - inputs all data for ANY Reserve Marines on Active Duty
  - (ADSW, AR, EAD, IADT, Mobilized, RecAide).

- **CMC (MMSR-5):** verifies ANNIVERSARY date and CRCR changes, and makes any required corrections or contacts MISSO 17 for input.

- Unit must indicate:
  - **A POC and phone number at your unit**
  - **What portion of the CRCR worksheet needs to be input**

# *Requests for LES'*

•To request LES' (Active or Reserve) for source docs:

• Denise.weatherspoon@dfas.mil.

• Provide the following info:

• Name and SSN of Marine
• Identify whether you want Active duty or Reserve LES'
• Identify specific months and years of LES' requested
• Provide a daytime phone number, work address and work section

• A response will normally be provided within 48 to 72 hours

• Active duty LES' may be requested back to Dec 1969
• Reserve LES' may be requested back to Jan 1982
